The Leaning Tower of Pisa

Leaning Tower of Pisa

- The tower was built in 1173, to be the city cathedral bell tower, but the structure was miscalculated and built in not so solid ground, and started leaning
- You can get the train to the station "Pisa S. Rossore" and take a taxi or walk to the tower. It takes about 1 hour to go from Florence to Pisa by train

A photograph of the Colosseum in Rome at dusk. The sky is a mix of deep blue and purple, with some clouds. The Colosseum's arches are illuminated from within, casting a warm glow. The structure is made of weathered stone and brick. In the foreground, there is a grassy area and a paved walkway. A few people can be seen walking around the base of the monument.

The Colosseum, Rome

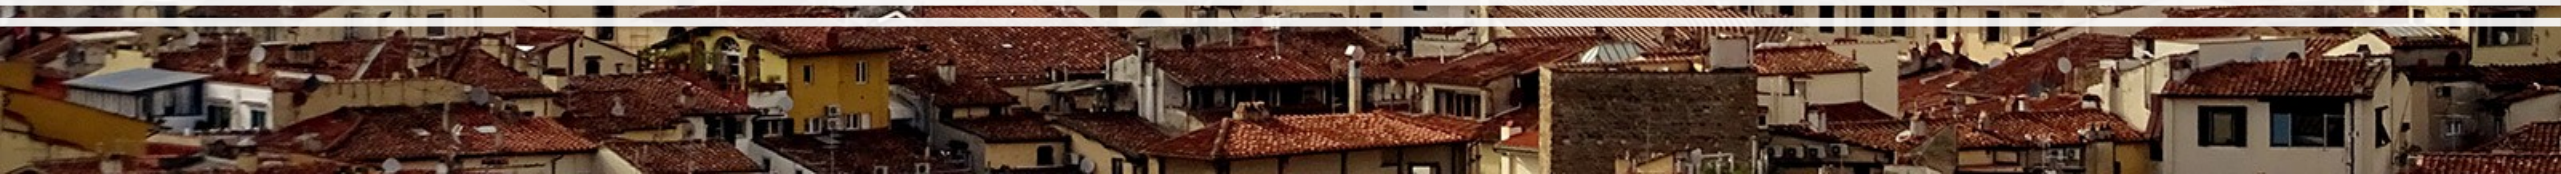

The Colosseum

- It was built in 69th ad. It was built for the emperor Vespasian, for gladiator fight.
- You can get there by taking the Metro and stopping at the Colosseo stop. You can also take bus line 60 or tramline 3. It takes about 3 minutes to get there from Rome.

Cathedral of Santa Maria Del Fiore

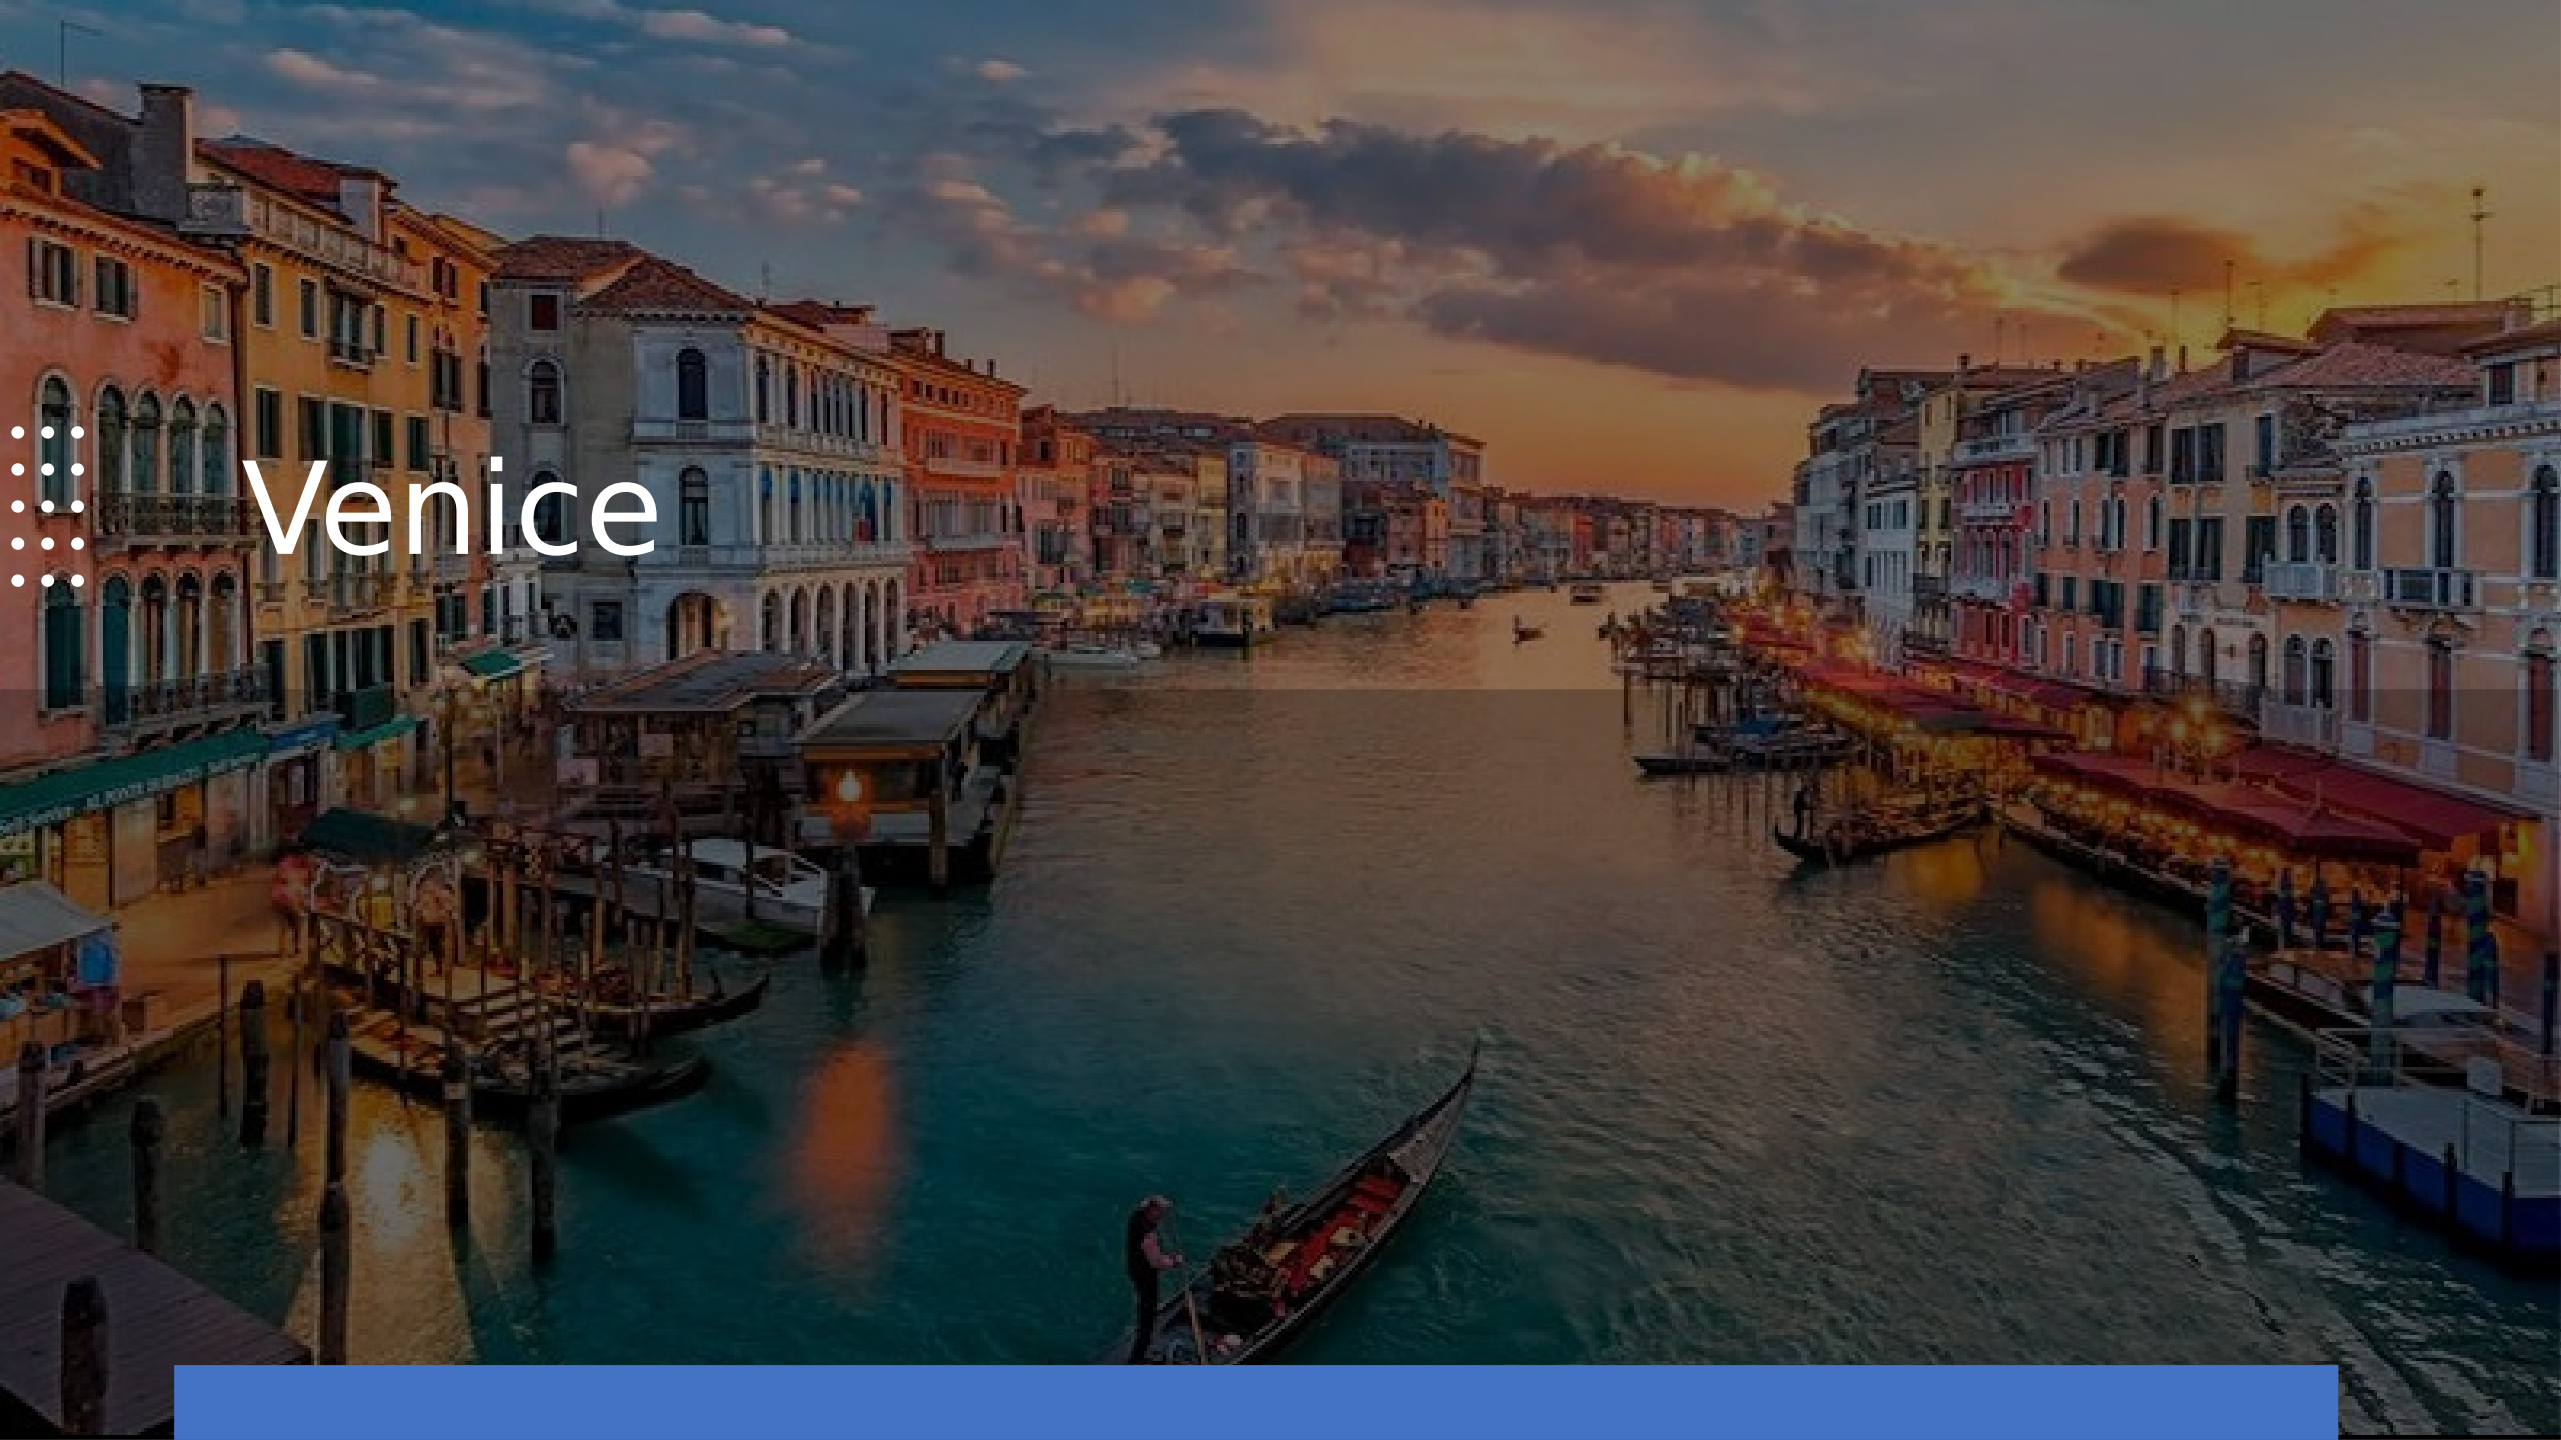

.....

Cathedral of Santa Maria del Fiore

Florence Cathedral, formally the Cattedrale di Santa Maria del Fiore, is the cathedral of Florence, Italy. It was begun in 1296 in the Gothic style to a design of Arnolfo di Cambio and was structurally completed by 1436, with the dome engineered by Filippo Brunelleschi. It was used for episcopal seat of the archdiocese of the city of Florence.
